POTENTIAL LEADER _____
10 ESSENTIALS _____
ENJOYED TRIP _____

WEATHER CONDITIONS: Excellent

ACCIDENT INVOLVED: NO YES (SUBMIT ACCIDENT REPORT)

TRIP NARRATION: This is excellent early season (late June, early July) scramble for use as either rock or snow. Long, fairly steep gully to lower part of summit requires ice ax + maked. for a winging. glissade at a steep angle. Rock on summit has some exposure on one route + nice slabs on alternate.
